

W.C.T.U. - Page 2

Now find the half way point on the Color 1 1-7/8" x 6-3/4" strip, and on the two Color 2 3-7/8" half square triangles. Matching these half way points, sew the triangles to the strip, pressing seams towards the strip. Trim off the extra ends even with the triangle edges, making sure the square is a 4-1/2" square when done...

Then piece the block! Make three horizontal rows, pressing row seams in alternating directions. Sew the rows together, and you've done it!

If you'd like to make the alternate blocks I show with the quilt, click [here for templates A](#) and [here for templates B](#) :o)

The quilt is five blocks by six, with alternating blocks in a pattern to suggest the tough roads these women walked in their efforts against alcohol.

Happy Quilting All!

Marcia :o)
