The service project will be making a placemat for everyone receiving meals on wheels in Miami co. We will give them in July. The size is 14x16 or bigger or smaller. I'm going to put Christmas material on one side or another holiday. Then on the other side generic or anything fun. This would be a great project for kids to make. Since i love prizes we will have a drawing just like we do for the food pantry. So i have some really great prizes there will be a drawing for the day group and a drawing for the evening.
